

# SUPERIOR VACUUM & GASSING SOLUTIONS

# Superior vacuum & gassing

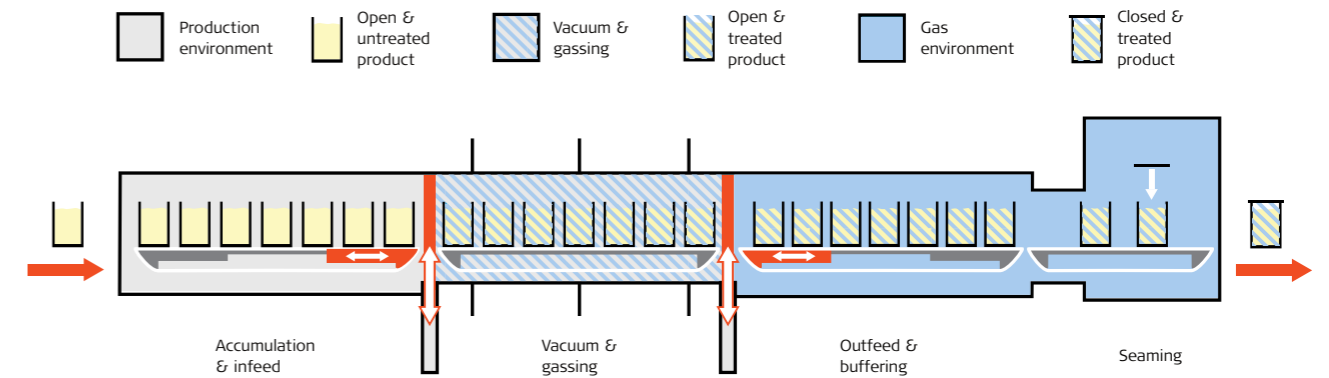

## Listen. Think. Create. And deliver the best...

Jorgensen has more than 50 years of expertise in delivering high-end vacuum & gassing solutions. To maintain our second-to-none position and nurture our long term relationships with world's top-tier food companies we have

reconceptualised our proven gassing system. Our new low-residual-O<sub>2</sub> generation combines compact design with pattern formed or FIFO principle and sets new standards for efficiency, flexibility and cleanability.

Hygienic design with easy access for optimum cleanability and change-over.

### Capability

- Higher product quality with market's lowest residual O<sub>2</sub>.
- Reduced gas consumption.
- Reliable and simple design with few removable parts.
- Maximum product safety, no lubrication or loose parts above open cans.

### Flexibility

- Handles all kinds of packages.
- Suitable for all packaging sizes.
- Available for all capacities.
- Supplied to all major brands in the market.
- Quick change-over without tool change.

### Cleanability

- Hygienic design (EHEDG) in stainless steel construction.
- Full cleaning accessibility.
- Easy cleaning in place.
- VivateQ® surface treatment.
